

# Simply stunning

## EVOS® Light Cube and fluorophore selection guide

**Key**

- Reagent excitation range
- Reagent excitation maximum
- Reagent emission range
- Reagent emission maximum
- Light cube excitation range
- Light cube emission range

We offer Molecular Probes® fluorescence technology that enables uniquely powerful labeling and detection solutions for cellular analysis. For a complete table of Molecular Probes® reagent compatibility with EVOS® Light Cubes, go to [lifetechnologies.com/evoslightcubes](http://lifetechnologies.com/evoslightcubes)
