

P-cadherin Monoclonal Antibody (6A9)

Product Details

| | |
|--------------------|----------------------------------|
| Size | 100 µg |
| Species Reactivity | Human, Mouse |
| Published Species | Human |
| Host/Isotype | Mouse / IgG1 |
| Class | Monoclonal |
| Type | Antibody |
| Clone | 6A9 |
| Conjugate | Unconjugated |
| Immunogen | A431 trypsinized membranes. |
| Form | Liquid |
| Concentration | 1 mg/mL |
| Purification | Protein G |
| Storage buffer | PBS with 1mg/mL BSA |
| Contains | 0.05% sodium azide |
| Storage conditions | -20° C, Avoid Freeze/Thaw Cycles |
| RRID | AB_2077774 |

| Applications | Tested Dilution | Publications |
|------------------------------|-----------------|----------------|
| Western Blot (WB) | 1:100-1:1,000 | 2 Publications |
| Immunocytochemistry (ICC/IF) | 10 µg/mL | - |
| Immunoprecipitation (IP) | Assay-dependent | - |
| Neutralization (Neu) | - | 1 Publication |

Product Specific Information

MA1-2003 detects P-cadherin from human and mouse samples.

MA1-2003 has been successfully used in Western blot procedures. By Western blot, this antibody detects an ~120 kDa protein representing P-cadherin from A431 cell extract. MA1-2003 can also be used in immunoprecipitation and immunofluorescence procedures.

The MA1-2003 immunogen is A431 trypsinized membranes.

Product Images For P-cadherin Monoclonal Antibody (6A9)

P-cadherin Antibody (MA1-2003) in WB

Western blot analysis of Cadherin P was performed by loading 25 µg of 293T (lane 1), A431 (lane 2) and mouse brain (lane 3) onto an SDS polyacrylamide gel. Proteins were transferred to a PVDF membrane and blocked at 4°C overnight. The membrane was probed with a Cadherin P monoclonal antibody (Product # MA1-2003) at a dilution of 1:500 overnight at 4°C, washed in TBST, and probed with an HRP-conjugated secondary antibody for 1 hr at room temperature in the dark. Chemiluminescent detection was performed using Pierce ECL Plus Western Blotting Substrate (Product # 32132). Results show a band at ~120 kDa.

P-cadherin Antibody (MA1-2003) in ICC/IF

Immunofluorescent analysis of placental Cadherin using Cadherin P Monoclonal Antibody (6A9) (Product # MA1-2003) shows staining in BEAS-2B Cells. Cadherin P (green), F-Actin staining with Phalloidin (red) and nuclei with DAPI (blue) is shown. Cells were grown on chamber slides and fixed with formaldehyde prior to staining. Cells were probed without (control) or with an antibody recognizing Cadherin P (Product # MA1-2003) at a dilution of 1:20 over night at 4 °C, washed with PBS and incubated with a DyLight-488 conjugated secondary antibody (Product # 35552 for GAR, Product # 35503 for GAM). Images were taken at 60X magnification.

P-cadherin Antibody (MA1-2003) in ICC/IF

Immunofluorescent analysis of placental Cadherin using Cadherin P Monoclonal Antibody (6A9) (Product # MA1-2003) shows staining in A2058 Cells. Cadherin P (green), F-Actin staining with Phalloidin (red) and nuclei with DAPI (blue) is shown. Cells were grown on chamber slides and fixed with formaldehyde prior to staining. Cells were probed without (control) or with an antibody recognizing Cadherin P (Product # MA1-2003) at a dilution of 1:20 over night at 4 °C, washed with PBS and incubated with a DyLight-488 conjugated secondary antibody (Product # 35552 for GAR, Product # 35503 for GAM). Images were taken at 60X magnification.

For Research Use Only. Not for use in diagnostic procedures. Not for resale without express authorization. Products are warranted to operate or perform substantially in conformance with published Product specifications in effect at the time of sale, as set forth in the Production documentation, specifications and/or accompanying package inserts ("Documentation"). No claim of suitability for use in applications regulated by FDA is made. The warranty provided herein is valid only when used by properly trained individuals. Unless otherwise stated in the Documentation, this warranty is limited to one year from date of shipment when the Product is subjected to normal, proper and intended usage. This warranty does not extend to anyone other than the Buyer. Any model or sample furnished to Buyer is merely illustrative of the general type and quality of goods and does not represent that any Product will conform to such model or sample. NO OTHER WARRANTIES, EXPRESS OR IMPLIED, ARE GRANTED INCLUDING WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE, OR NON INFRINGEMENT. BUYER'S EXCLUSIVE REMEDY FOR NON-CONFORMING PRODUCTS DURING THE WARRANTY PERIOD IS LIMITED TO REPAIR, REPLACEMENT OF OR REFUND FOR THE NON-CONFORMING PRODUCT(S) AT SELLER'S SOLE OPTION. THERE IS NO OBLIGATION TO REPAIR, REPLACE OR REFUND FOR PRODUCTS AS THE RESULT OF (i) ACCIDENT, DISASTER OR EVENT OF FORCE MAJEURE, (ii) MISUSE, FAULT OR NEGLIGENCE OF OR BY BUYER, (iii) USE OF THE PRODUCTS IN A MANNER FOR WHICH THEY WERE NOT DESIGNED, OR (iv) IMPROPER STORAGE AND HANDLING OF THE PRODUCTS. Unless otherwise expressly stated on the Product or in the documentation accompanying the Product, the Product is intended for research only and is not to be used for any other purpose, including without limitation, unauthorized commercial uses, in vitro diagnostic uses, ex vivo or in vivo therapeutic uses, or any type of consumption by or application to human or animals.
